REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Claims 1-27, as currently amended, are allowed.

Regarding claim 1, and dependent claims 2-20 and 25-27, prior art fails to teach or suggest a method of producing a capillary optic comprising pressing a wire mold into a soft plate to leave a vacant capillary impression figured for reflective radiation transmission along a capillary axis, the vacant impression being enclosed to allow reflective radiation transmission.

Regarding claim 21, prior art fails to disclose an optical connector having two soft plates, each having a vacant impression therein, the plate being aligned to register their respective external profiles to provide for reflective radiation transmission along a capillary axis of the vacant impression.

Regarding claim 22, and dependent claims 23 and 24, the claims were allowed in a previous office action, with the reasons for allowance stated therein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Scott A Knauss whose telephone number is (703) 305-5043. The examiner can normally be reached on 9-5 Monday-Friday.
